## STANDARD EQUIPMENT

### CONSTRUCTION

Hull in sandwich vinyl ester resin  
Deck in sandwich vinyl ester resin  
Hull Color (RAL 9001)  
2 fixed keels GRP material

### DECK FITTINGS

Anchor locker  
1000 W anchor windlass  
Bow 16 kg anchor  
6 stainless steel cleats  
2 bow fairleads in stainless steel  
Stern fairleads in stainless steel  
Bow railing stainless steel tube  
Side railing stainless steel tube  
Cockpit railing in teak  
Swimming ladder  
Stern platform in GRP  
Storage  
Sliding and lift-up door  
Coach roof side windows  
Lower front windows  
Opening hatch centrally over the bow cabin  
Radar and navigation mast with navigation lights  
Horn on radar mast

### ACCOMMODATION

Furniture in Golden Teak real wood veneer

### SALON

Storage  
Worktop and sink in Kerrock  
Flexible bar to cockpit  
Cooker - 2 burners  
224 L refrigerator with a freezer  
L-shaped sofa  
Salon table  
Curtains  
LED Ceiling lights  
Dark laminate salon floor  
Electric oven/microwave 230V

### STEERING CONSOLE / NAVIGATION

Stainless steel handrail  
Instrument panel  
Engine controls and instrumentation  
Sliding door to walking deck with lock on starboard  
Opening hatch in guest cabin  
Windshield wipers & washer

### OWNER'S CABIN FORWARD

2 x scissor berth (80x200cm)  
A reading light (LED)  
Ceiling lights (LED)  
Storage  
Opening hatch

Mirror  
Kerrock worktop and sink  
A locker below the washbasin  
Electric marine toilet 12V (dual valve fresh or sea water flush)

### ENGINE, DRIVE AND STEERING

Selected engine  
Electronic throttle and gearbox  
Engine control panel  
Gearbox with straight shaft  
Hi-tensile stainless-steel shaft  
Propeller  
Exhaust system  
12 V engine room ventilation  
Engine room light  
Fuel filter: a pre-filter with water separation unit

Cooling water pre-filter  
2 polyethylene diesel tanks  
Hydraulic steering  
Electric bow thruster 4,4 kW with battery and joystick  
Trim tabs

### PLUMBING

Water heater  
Brass seacocks  
Manual bilge pump  
Stern shower cold and warm water  
Holding tank and slip 80 l w/disposal via seacock and deck suction  
Fresh water tanks in polyethylene  
Water pressure pump 12V with gauge

### ELECTRICAL SYSTEM

6 x Photovoltaic panels approximately 280W each  
2 x 200Ah LiFePo Victron service battery (5.12 kW)  
Automatic inverter charger 12V/3000VA/120A  
Two voltage systems: 12V and 230V 50Hz  
All systems are insulated with 2 main switches + parallel switch  
AC 230 V panel and fuses  
DC 12 V panel and fuses  
Shore power pick-up 16 A  
AC 230V sockets in galley, saloon, owner's cabin, guest cabin and washroom  
Steering magnetic compass with light  
Anchor light  
Greenline App control system  
(Remote control system to monitor position, tanks, batteries, solar charge etc.)
